PROFILE

Full Stack Developer who loves to build code that remains semantic, functional, scalable, and responsive. Constantly holding myself to a high standard, I find it invigorating to develop code that uses best practices and sets new standards in User Experience. With a background in Graphic Design, I am familiar with the creative process and always aim to build exceptional code that remains visually appealing.

SKILLS

LANGUAGES: JavaScript, Ruby, SQL, HTML, CSS, Python
SERVER-SIDE: Node.js, Express Framework, Django
CLIENT-SIDE: React JS, Bootstrap, jQuery, AJAX, Responsive Design
DATABASES: MongoDB, Mongoose,
